

## 2003

### 2003-12-31 **Impressions from our New Years Party**

The Camping45 New Years party was a full success - according to our guests. We started with a buffet, everybody brought some of his favorite food to share it with the others. Later, we danced and had some games for our younger guests. But just have a look at some pictures from that event...

### 2003-12-30 **Our guests who were looking for a real Swedish winter**

Dec. 29 - 31, 2003 we had visit from Saaremaa in Estonia. Andres and Marjana were looking for the Swedish winter. At -15° and with a breakfast in the snow they found what they were looking for...A very special greeting to all who are looking for a great winter experience and one to you, Andres and Marjana!

2003-12-01 **Molle 'Camping' renamed to 'Camping45'**

On Dec. 1st 2003, Frank Feuker bought 'Molle Camping' from Owe Landegren, who owned the place since 1984. Tommy Blom assists Frank. Related to the new ownership, "Molle Camping" became "Camping 45" - with the main goal to offer you great and unforgettable holidays with our friendly services.

Number "45" in our name is related to the road no. 45, which leads across Sweden all up to Lapland. Our campsite is situated directly at this major tourist road.

A brief history of the campsite:

In the beginning of the 70's, "Molle Camping" opened its doors at the foot of the Hovfjäll in northern Värmland, offering cottages and camping facilities for all-year usage, driven as a hobby by Mr. Molle. From 1984 until November 2003 Owe Landegren lead the camp for 19 years, until he retired.
