October 22nd, 2012: Renovation and moose hunt

In the fall we renovated another cabin and provided it with new, comfortable beds. All cabins with shower and toilet are now equipped with a TV.

After the renovation in October we had our traditional moose hunting. Hunters from Germany and Sweden came to us. We saw more moose this fall than in previous years - despite a wolf pack that has established itself in the area.

September 1st, 2012: Inauguration of the new E16

The E45 from Sicily to northern Sweden has been established a few years ago.

This fall also the new E16 from Oslo to Gävle opened. This road coincides in our area with the E45. Since the opening, the journey from Oslo or the east coast of Sweden to Camping 45 has become much easier for our guests.

August 1st, 2012: Rainy summer beginning, then nicer weather

A rainy start of the summer went to a sunny end.

Despite the high rainfall in early to mid July, we visited many nice guests. The mushroom season began early with a rich harvest, and we saw many moose in the area.

Frank became a paraglider pilot. He explored the great mountain starts in northern Värmland since the late summer.

He is looking forward to wintery winch starts from the frozen lake. However, he must wait a little longer ...

June 1st, 2012: Early summer

During a hard-working spring, we renovated one more cabin.

Dorothee worked much on improving the garden, while Frank was preparing our new geological excursions. Robin is new in the team and improved our camp facilities.

Furthermore, we bought another rental caravan.

February 29th, 2012: Camping 45 applies for 'Natures Best'

On february 29th, we submitted our application for the quality label 'Nature's Best' for our beaver safari, a geological excursion and our guided nature walks.

These activities will be runned on a sustainable basis and shall become an extraordinary experience for you. We expect a decision this fall.
